Subject: [External] 2019-281-S Request/Protest

To Whom It May Concern,

I am writing to request that a public meeting be held in Northeast Columbia in regards to the proposed sewer rates increase.

It was advised that the previous increase was to recoup the cost of upgrades associated the merger of Palmetto Utilities & Palmetto of Richland County, LLC. Now we're being advised that the new increase is to cover potential tampering by residents. This is ridiculous! I have never tampered with my water/sewer line and don't have a desire to. I don't agree with this increase and will start a petition if needed!

It is important that the residents of Northeast Columbia have an opportunity to voice our concerns and have them considered before this decision is made!

Thank you for your consideration,

Michael Williams
